INDOMITRA EVENT

Indomitra Event was established in **2009** with a focus on Event Organizer which was built with a high responsibility to provide excellent service according to our scope of work. With **15 years of experience** and supported by qualified personnel and good relationships with various vendors and suppliers, **we have been trusted by government clients or private companies to organize various national and international events.**

In order to meet the most challenging demands of our customers and the rapidly advancing technology, we are expanding our scope of work to services that are still related to the main focus.
